Cylinder Hydro-Testing

Inflatables International Inc is approved by the (DOT) Department of Transportation and the Federal Aviation Administration to service and complete Hydro-testing and re-certification on Pressure cylinders. All cylinders are hydro-tested on our state of the art system ensuring the most accurate and complete service possible.

Cylinder Overhauls

Inflatables International Inc has invested in highly accurate cylinder cleaning systems to assist in a cleaner cylinder for faster turn times, and safe use and filling of liferaft cylinders. Such as cylinder washers, cylinder dryers and purity analyzing equipment. Inflatables International Inc has completed a clean room to inspect cylinders after cleaning and to overhaul liferaft inflation valve's before refilling. We use up to date calibrated fill equipment to complete any cylinder refill.
