

Experienced Personnel Make The Difference

Established in 1985 Inflatables International Inc has a reputation for outstanding service in the field of marine and aviation safety. Inflatables International Inc understands that the safety and survival requirements are unique to each customer. Providing top quality products and services to all its customers is just the beginning.

Located in Riviera Beach Florida, Inflatables International Inc has been providing Marine customers with first class service and products for many years. We offer the finest quality products from top rated manufacturers. We hope you will find us to be a source for all your needs in the world of Marine Safety products.

Liferaft Recertification Inspection and Overhauls

Inflatables International Inc has been overhauling liferafts for the marine industries for over 20 years. With this comes experience and knowledge for inspections of most liferaft brands.

Survival Liferaft Overhauls

Fast service, reliable turn around times, computer-generated inspection reports and calibrated test systems help speed recertification down time of your equipment.

At ***Inflatables International Inc*** experienced personnel make the difference. Our trained and professional staff is experienced, eager and friendly. Experts are on hand to discuss all your emergency survival equipment needs.

No matter the size of the job each Inflatables International Inc customer will enjoy superb quality, competitive rates and relentless reliability. Every Staff Member is committed and dedicated to outstanding service.

OEM Trained Personnel

The U.S.C.G. and most manufactures recommend that liferafts be inspected annually to replace dated items and ensure proper performance. Our personnel attend manufacturer sponsored training courses designed to keep us abreast of the latest developments in the manufacture and recertification of lifesaving equipment.

While Inflatables International seeks to continually improve its facility, continuously train its staff, upgrade its equipment and add to its list of capabilities to meet every job specification, it is the quality of work and personal service that keeps Inflatables International customers coming back. It's this kind of uncompromising quality service and added value that has earned Inflatables International so many satisfied customers.
